

INTELLIGENCE AND COMFORT

Artificial intelligence enables the **CLIVIA** series to maintain a healthy, comfortable living environment by adapting to its surroundings and understanding users' needs. Its black finish is perfect for modern, sophisticated decors.

- G20 Inverter Technology
- Wi-Fi Connectivity
- Compact and Silent Design
- Indoor Unit Self-cleaning Function
- Wireless Remote Control with LCD Display
- Wired Thermostat Option
- Composite Drain Pan
- Coils (Indoor and Outdoor): Copper Tube / Aluminum Fins
- Blue Fins (500-hour Salt-water Spray Tested)
- Environmentally-friendly R32 Refrigerant

ARTIFICIAL INTELLIGENCE

In addition to temperature, the AI algorithm takes humidity, room surface area and other environmental factors into account in its learning process. It delivers savings of up to 10% per year (certified by the INTERTEK laboratory).

SMART HUMIDITY CONTROL

Allows selection of the most optimal humidity range, so users can enjoy both comfort and energy savings.

GREE HEAT PUMPS...
TOWARDS ZERO EMISSIONS!
